

Appointment

Mr Éric Léveillé
General Manager, Nedco Quebec

March 4th, 2020

I am very pleased to announce the appointment of Éric Léveillé to the position of General Manager, Nedco Quebec effective March 9, 2020. In his new role, Éric will report directly to me.

Éric brings over 20 years of experience in sales and management. He held various positions throughout his 18 year tenure with 3M where he started as a Sales Representative and progressed along the Sales Management track to assume the role of National Sales Manager of Electro and Energy division. Most recently, he was Vice-President, Sales and Operations for UAP Inc., a company specializing in distribution and merchandising of automotive replacement parts and accessories. While with UAP Inc., Éric was able to successfully implement a new business strategy, which resulted in double digit sales growth and expansion of the business; identified and implemented operational efficiencies; and ensured focus on world class customer service.

Éric was able to accomplish success in previous mandates by mobilizing his team of peers and direct reports and working in a collaborative and transparent way. For that reason, I am confident that he will be able to promote a respectful workplace that values people, encourages teamwork, and supports inclusiveness.

Éric holds a Bachelor of Administration with a major in Marketing from *École des hautes études commerciales* (HEC) in Montreal.

With his expertise and track record, Éric has all the knowledge and experience required to lead Nedco Quebec towards a prosperous future with a clear focus on outstanding customer service backed by industry leading products and services.

I invite you to join me in wishing Éric success in his new role.

Adrian Trotman
Vice-president, Nedco
