

Appointment – Kevin Wyatt – Director of Industrial Sales

Gerrie Electric announces the promotion of Kevin Wyatt to Director of Industrial Sales for the Central Region. In this role, Kevin is responsible for providing the strategic sales direction to the Branches, Account Managers and Automation Group within the Central Region.

Kevin joined Gerrie September 2008 in the role of Inside Technical Sales, within the Central Region Automation Group. He quickly moved onto the role of Services Product Manager before transferring to the Automation Specialist role.

During his tenure, Kevin has provided leadership, guidance and support to the Inside Technical sales group as well as the outside sales force at the branch level.

Kevin brings a wealth of automation and electrical product knowledge, energy and passion ensuring the ongoing success of our customers. We look forward to Kevin's continued success in his new role.
