

EFC 2020 Trailblazer Award

Call For Nominations: Now in its third year, this award honours an individual who has been a significant driver for industry change and has been active in leading and/or supporting EFC programs. The Trailblazer Award recognizes exceptional leaders who have advanced the Canadian electrical industry over the past five years. This award is given to someone from an EFC member organization who has been a catalyst for change by bringing new ideas, processes or best practices to the forefront in the industry.

Recognition can breed success!
