

Robertson Electric Wholesale is happy to announce that Bruno DiLeo has joined our team.

Bruno has over 35 years of sales, management, and telecom experience. He has spent the last 15 years of his career focused on LED lighting.

Bruno has an accomplished background and has been involved in the design, development, manufacturing, and sales of commercial LED lighting fixtures, including the Coach Lantern used by the City of Mississauga.

Bruno began his career in the lighting space as one of the founding partners of Enduralite LED Canada.

As a pioneer and trailblazer in the lighting market, he has developed the first CSA/UL-approved fixture for the Canadian marketplace.

Please join me in welcoming Bruno to our team.
